**DAY 1  
LANDSCAPE ON CANVAS**

With this study we will use the techniques of the 19<sup>th</sup> century Victorian painters. This group of painters used techniques combining the placement of warm and cool colors to create greater depth and interest. This piece will use a limited palette to teach the student how to achieve these looks very quickly and efficiently.

Canvas size 400mm x 500mm

**DAY 2 – STROKEWORK CLOCK**

The inspiration for this piece comes from some beautiful layered Danish flowers painted in the mid 19<sup>th</sup> century. For this piece we will add a few new twists during the layering which will give the flower more depth. These flowers and techniques can be adjusted for a more stroke look or soften for a more blended look depending on the artists choice

635mm x 150mm x 12mm MDF  
***Clock movement not included***

**DAY 3 – ALLA PRIMA FLORAL**

The beauty of the “Paint It Simply” technique is the simplicity of the palette and brush. This piece is painted with only 2 brushes and 6 colors. Learn new ways to hold and use your brush to create these flowers in just a few minutes. No blending, sideloading or practicing special brush loads. We just keep it simple.

460mm x 220mm x 12mm MDF
